My name is Anna Acsai. I was born in 1952 in Szeged (in Hungary). I currently live in Szeged. I have an economist degree. I am retired after 40 years of work in 2011. Then I started to paint. My passion is to paint. For me the great pleasure and relaxation. Write a piece of poetry - without words, only through colors. It is often the small difference between light and shadow in the motif helps to give the painting its own story. An option for the viewer can get more interpretations. I always work very concentrated and often forget the time and other chores, to create the right mood in the painting. I mostly flowers, landscapes I paint, but I have a couple of portraits of my images. Through my years of work as an artist, I have received several different awards / acknowledgments for my various paintings at various international exhibitions of paintings online.
