Eugeni Quittlet, born in Spain 1972.

Philippe Starck, born in France 1949.

Masters is an iconic chair designed by Philippe Starck and Eugeni Quittlet. Light, exclusive and stackable, it can be used outdoors, too and won Good Design Award in 2010 and Reddot Design Award in 2013.

Masters joins the past and the present since it is a contemporary interpretation of three symbolic chairs, the “Series 7” by Arne Jacobsen, the “Tulip Armchair” by Eero Saarinen and the “Eiffel Chair” by Charles Eames, interwoven into a sinuous hybrid. Masters is comfortable, functional and stackable and available in a variety of colours.
