Jesus Iglesias. Born in 1964 .

He now lives in a small village or Segovia.

Even as a child Jesus always had his camera with him. At the age of twenty he was given the opportunity to travel to many parts of the world and along the way he discovered the beauty of some specific moments. Since then he has dedicated all his life to analogic photography.

His career got moving with some exhibitions of his work in Buenos Aires (Argentina, 2008), Madrid (España, 2011), Paris (Francia, 2011, 2013 y 2014), Vezelay (Borgoña, Francia, 2013), Florianopolis (Brasil 2018), Barcelona (España, 2018) and some of his photographs have been on show in l'Art Fair de New York and London (2011).

His work is original and the images are not changed in any way. He experiments and plays with the format of printing his images on glass transforming them into mobile objects.

As Art is in the eye of the beholder then Jesus tries to capture the invisible, the immaterial reality of the world that surrounds him.
