Faye Toogood. Born in 1977.

Graduated with a BA in the History of Art in 1998 from Bristol University.

British designer with academic training in the theory and practice of fine art, and a vocational background at the forefront of the magazine industry.

Toogood's objects are grouped together into her trademark numbered 'Assemblages'.

This allows her to avoid the

standard and instead experiment with the materials and processes that dominate her thinking at a particular time. With each Assemblage, she engages not only with the products themselves, but also with the three-dimensional space in which they are exhibited.

All of her pieces are handmade by small-scale fabricators and traditional artisans, with an honesty to the rawness and irregularity of the chosen material.

The Spade Chair 2012 is a modern tool for sitting. The chair is an elegant and minimal silhouette inspired by the juxtaposition of a three-legged milking stool and the handle of a spade - an icon of rural life in the English countryside.
